You can enter multiple bikes into the bike swap, however only the credit from 1 bike can be used towards a bike, the remainder is to be used towards accessories.

All accessories (pumps, bottle cages, multi tools) MUST be removed from bike prior to entering it into the bike swap.

Eligible e bikes will include any bikes with a Bosch, Shimano, Yamaha, or Brose motor. Any other types of e-bikes will not be allowed to participate in the swap.

For your bike to be eligible to take place in our bike swap it needs to be clean and in 100% working condition. If your bike is not in good working condition you are welcome to bring it to our service shop to be repaired and THEN bring it back to our sales staff to be put into the bike swap.

Spoke Bike and Ski is not responsible for any damage or any accessories that were not removed from bike being lost.

Bikes that are not sold must be picked up by March 10th, 2024 or a storage fee of \$25 per day will be applied.

I Have read and accept the terms of The Spoke Bike and Ski Swap.
